Letter from the Administrator

Dear Residents and Families,

In 2019 the sharing and interaction of skilled nursing facilities has changed directions towards social media. Like many facilities, Holton Manor and Core Rehabilitation use our Facebook pages and Google's search engine to help share a multitude of things including resident stories, activities, facility happenings and staff praise.

Not only does it help us stay connected to families, but it helps us leave a footprint within the online community as well. Using social media has become a key component in helping facilities recruit residents and staff.

We urge our family members and residents to like and follow us on Facebook, as well as take a minute or two to share your testimony of the care you or your loved one has received by our caring staff. You can leave your review on our Facebook page or on our Google listing.

Thank you,

Denise Johnson

County Fair

WISH LIST

The Activity Department is looking for donations to help with attaining items for our Life Station. We are building interactive areas for our residents to assist them with useful task-driven activities.

5-Star Google Review

"My mom is a resident at Holton Manor and I can't put into words how **AMAZING** it is. Clean, safe, friendly, welcoming, engaging, encouraging, understanding just off the top of my head. Mom is happy. We are happy. We have quite the entourage that visits and we are welcomed every time. The staff is above and beyond anything we could ask for. If you or a family member is looking at a care facility, Holton Manor is the place you need to be."

Celebrate Friendship Day

In 1935 the first Sunday of August was proclaimed the first annual Friendship Day. **This year Friendship Day falls on Sunday, August 4th.** The celebration of Friendship Day has become an annual event in the United States. Over the years this tradition spread to other countries and they also started celebrating this day with much excitement.

Friendship Day is a celebration of those in our lives who give life meaning and joy. It allows us to pay tribute to our friends, new and old who have played an important role in helping to shape who we are today. Give them a call, send them an email, or write a heartfelt letter and let them know how much they mean to you.
